OFFICE OF
COUNTY JUDGE

July 13, 2020

To the Residents of Martin County,

There has been much confusion coming from the Governor's Office in Austin concerning the use of face coverings in the State of Texas, as was quoted in the Executive Order face coverings are required if a County has over 20 ACTIVE Cases, and if six feet social distancing can-not be maintained, as of this writing Martin County DOES NOT have 20 Active Cases. Martin County will continue to monitor the situation and will start posting the true active case count since The State of Texas is having a difficult time keeping the numbers straight.
